

Youth & Children's Ministry

The mission for our Team is to provide a safe, loving environment where our children can receive a spiritual foundation for their lives based on Unity Principles. Our teachers foster positive self image, personal responsibility and acceptance in every class they lead.

Teachers need to arrive in time to join with the other volunteers for pre-service prayer. They will then receive easy, clearly stated lesson plans and have time to set up craft and other materials. Each class includes a time for greeting, singing, a story or lesson, affirmations, an offering time and crafts designed to enhance the day's lesson.

Serving the Youth of our church is the best and fastest way to reconnect with the innocent, fun loving "child in you"!
